This Premium Portfolio Service Super and Pension Account SPDS is to be read together with the Premium Portfolio Service Super and Pension Account Product Disclosure Statement (PDS) dated 1 April 2014 and the other disclosure documents which are incorporated by reference.

MIML is not an authorised deposit-taking institution for the purposes of the *Banking Act 1959 (Cth)*, and MIML's obligations do not represent deposits or other liabilities of Macquarie Bank Limited (MBL). MBL does not guarantee or otherwise provide assurance in respect of the obligations of MIML.

SPDS: refers to this document.

PDS: refers to the Premium Portfolio Service Super and Pension Account PDS dated 1 April 2014.

Further Information Booklet: refers to the Premium Portfolio Service Super and Pension Account *Further Information Booklet*.

The PDS is supplemented and/or amended by the items below and is effective from 28 September 2015:

1. The following information replaces the *UK pension transfers* section of the *Smart administration made simple* section on page 3 of the PDS.

Premium Portfolio Service Super and Pension Account, as part of the Macquarie Superannuation Plan, may be eligible to receive UK transfer amounts under the Qualifying Recognised Overseas Pension Scheme (QROPS) regime. To find out more about the Fund's QROPS status, please speak to your adviser or contact us.

2. The *UK pension transfers* row of the *Features at a glance* table on page 7 of the PDS is removed.

3. The following information is added to the *Adviser service fee and dealer service fee* section on page 15 of the PDS.

You and your adviser may also agree to set increases to your ongoing adviser service or dealer service fees, with the increase taking effect each year at the 12 month anniversary of the instruction being received, by either:

- a flat percentage, or
- the *consumer price index (CPI)*.

For more information on the calculation of CPI, please refer to the *Fees and other costs* section of the *Further Information Booklet*.

What is the Premium Portfolio Service Super and Pension Account?

A more efficient way to administer your investments

The Premium Portfolio Service Super and Pension Account (PPS Super and Pension Account) packages together all the administration, transacting and reporting aspects of your superannuation investments, enabling you to maintain a complete picture of your wealth.

Account reporting and administration made easy

The PPS Super and Pension Account may be suitable for investors who are not interested in doing all the paperwork associated with owning and managing an account. Your adviser tracks the investment transactions on your behalf and takes care of all the administration, record keeping and reporting.

You can stay on top of your superannuation investments through online access and account reports. You'll be provided with advice, research, new investment opportunities and legislative news that is relevant to you.

Choice of investments

You will have access to a menu of over 500 managed investments (including some superannuation investments not offered to retail investors) and approved ASX listed securities, enabling you to customise your account to suit your circumstances and investment goals.

Macquarie Investment Management Limited's role as trustee

Macquarie Investment Management Limited (MIML) operates the PPS Super and Pension Account. Throughout this PDS, MIML is also referred to as "we", "us", "our" or "the trustee".

Macquarie Equities Limited's (MEL's) role as facilitator'

Macquarie Equities Limited's (MEL's) role as facilitator is to promote and distribute the PPS Super and Pension Account. Backed by Macquarie's specialist support teams, Macquarie Private Wealth's experienced advisers can provide you with comprehensive and integrated strategies to help you achieve your objectives.

Being well informed about the composition of your superannuation investments enables you and your adviser to make smarter and more informed investment decisions.

You can see exactly how your superannuation account is performing and track your progress towards your investment goals.

The power of Macquarie

Macquarie's global scale, diversity and breadth of market involvement mean that you can access exclusive opportunities not available elsewhere. Initial public offerings, unique infrastructure projects and innovative investments are just a sample of the offerings you can participate in. In addition, Macquarie draws on information from leading analysts and researchers around the world. Your adviser can give you direct access to this sought-after research. Macquarie Private Wealth offers a complete range of financial advice and investments, catering for all types of investor preferences and risk profiles.

This Product Disclosure Statement (PDS) includes information on:

- an accumulation superannuation solution – **PPS Super Account (Super Account)**, and
- an account based pension – **PPS Pension Account (Pension Account)**.

Important information

This document, the Product Disclosure Statement (PDS), aims to provide you with the information necessary to open your account.

The Further Information Booklet (FIB), incorporated by reference into the PDS (Document number PPSSP02) contains information on how to operate your account once it is opened and further information on the Fund's investment strategies and the limits on investments.

The Technical Information Booklet (TIB), incorporated by reference into the PDS (Document number PPSST01), contains general technical information to help you understand your superannuation.

The Investment Menu, incorporated by reference into the PDS (Document number MAQSIM01), contains information about the available investment options.

This PDS should be read in conjunction with the FIB, the TIB and the Investment Menu (which together form the PDS for Premium Portfolio Service Super and Pension Account), any supplementary PDSs and the PDSs and other offer documents of the underlying investments that you may invest in (which will be provided by your adviser).

As an environmental initiative the FIB, the TIB and the Investment Menu have not been printed, as the material they contain is subject to more frequent changes. These documents are available online at yourwrap.com.au/pps/superfib, yourwrap.com.au/pps/supertech and yourwrap.com.au/pps/supermenu

If you are unable to access the online information, your adviser or MIML can provide the information in hard copy free of charge.

The Premium Portfolio Service Super and Pension Account difference

Premium Portfolio Service Super and Pension Account makes it easy for you and your adviser to manage your investments. Premium Portfolio Service Super and Pension Account provides you with access to an extensive range of investments and product features. Further details of the features are available in the Further Information Booklet.

A wide range of investment options

Not everyone's investment needs are the same. That is why we provide you with access to a wide variety of different investments including managed investment schemes (also called managed investments or managed funds), Separately Managed Accounts (SMAs), term deposits and Australian listed securities (such as shares and exchange traded funds). This means you and your adviser can develop a comprehensive investment strategy to meet your individual financial objectives.

Selecting your investments

Prior to investing, your adviser will provide you with relevant disclosure documents for the investments that will form part of your superannuation. You should carefully read and understand these disclosure documents before investing.

Importantly, you should work closely with your adviser to arrive at the right mix of assets for you.

Menu selection process

Before we add it to the Investment Menu, an investment is subject to our due diligence which is designed to take into account factors required by superannuation law and other criteria that we consider to be relevant. We reserve the right to add or remove investments from the Investment Menu. Please refer to the FIB for more information.

Eligible Investments

Managed investments

- A wide range of managed investments available, with over 500 managed investments, offered by over 100 professional investment managers.
- Access to all of the main asset classes.
- The managed investments available are generally wholesale funds, where the management fees may be cheaper than the retail fees you would pay if you invested in each managed investment directly.
- Access to SMAs, a type of managed investment scheme that is not unitised and allows you and your adviser to access a portfolio of investments professionally managed according to a defined investment strategy.
 - Provides all the benefits of investing in traditional managed investments with full transparency and greater control of the underlying investments you are holding
 - Choose from a range of SMA Model Portfolios across different asset classes, investment managers and strategies, and then customise your portfolio to match your personal situation.

Australian listed securities

A wide selection of approved listed securities that can be transacted on the Australian Securities Exchange (ASX), including ordinary shares, property trusts and exchange traded funds.

Term Deposits

A range of issuers, terms and rates are available.

Other investments

From time to time, we may approve certain types of investments for inclusion on the Investment Menu.

Consolidated reporting on your account

Both you and your adviser can track your investments online. Our consolidated reporting, updated each weekday, provides you with comprehensive reports on your account. These reports include details of:

- your investments and their valuations
- all transactions on your account
- the performance of your account
- your asset allocation, and
- the income received and the expenses charged to your account.

Upon opening your account, you will be issued with an access code and password for ClientView, our secure online reporting website.

Smart administration made simple

We receive all correspondence from investment managers, product issuers and relevant listed entities on your behalf. This enables us to offer streamlined transacting and corporate action processing.

Corporate actions

We process corporate actions on your account according to your instructions (where applicable), including:

- initial public offerings (floats)
- takeovers
- buy-backs
- share purchase plans
- rights (renounceable and non-renounceable)
- call payments
- compulsory acquisitions, and
- share splits.

There are circumstances where we may not process corporate actions or we will process corporate actions in a particular way. Please refer to the FIB for details.

Transfer your existing assets into your account

You may transfer Australian listed securities and managed investments on the Investment Menu that you already own into your account.

Please note: Stamp duty may be payable on the transfer.

Individual tax processing

Individual tax processing within your account helps you to benefit from your individual investment decisions. Depending upon your circumstances, you may benefit from certain capital gains tax (CGT) treatment and franking credits from your investments.

Ordinarily, as part of our individual tax processing, your account is credited with any taxation benefits derived from fees and insurance premiums at the time they are deducted from your account.

UK pension transfers

Premium Portfolio Service Super and Pension Account, as part of the Macquarie Superannuation Plan, is a Qualifying Recognised Overseas Pension Scheme (QROPS) and is eligible to receive benefits transferred directly from a United Kingdom (UK) pension scheme or from an Australian scheme that contains benefits previously transferred from a UK pension scheme.

New Zealand KiwiSaver transfers

The Trans-Tasman superannuation portability arrangement allows former Australian and New Zealand residents who permanently emigrate between the two countries, to take their retirement savings with them. The Fund currently facilitates transfers to eligible New Zealand retirement funds (known as KiwiSaver schemes).

Flexible estate planning features

Premium Portfolio Service Super and Pension Account offers you competitive, tax-efficient estate planning features that allow you to take more control of protecting your wealth, for example:

- non-lapsing death benefit nominations allow you to specify to whom (amongst your dependants and your estate) and in what proportions you would like your benefit paid in the event of your death
- competitive life insurance, which can help you protect against the financial consequences of losing your most valuable asset – your health – and gives you the security of knowing that even if you get seriously ill or injured, you will have financial support to help you still achieve your long-term plans, and
- if your death benefits are paid as a lump sum to your spouse, former spouse or child, either directly or to your estate for their benefit, we may increase the death benefit to compensate for income tax paid on relevant contributions and investment earnings.

How does Premium Portfolio Service Super and Pension Account work?

Premium Portfolio Service Super and Pension Account is designed for members who have advisers to assist them with personal advice in respect of their investments.

Your Adviser

Your adviser is integral to the establishment and ongoing maintenance of your account and is your main point of contact. They will help you identify an appropriate investment strategy which best suits your risk profile and needs, and will provide you with information about the underlying investments (managed investments including SMAs, Australian listed securities and term deposits). For more information on your adviser's responsibilities please refer to the FIB.

Premium Portfolio Service Super and Pension Account assists both you and your adviser by minimising the administration involved in managing your superannuation investments.

Your Cash Account

Your account works with a central cash flow account – the Cash Account. All regular transactions into or out of your account, including superannuation contributions, taxes, pension payments, fees and charges are processed through your Cash Account.

You can also invest directly into the Cash Account from different sources – whether contributions from your employer, personal contributions or rollovers from other superannuation funds, using a variety of methods such as BPAY® and electronic funds transfer.

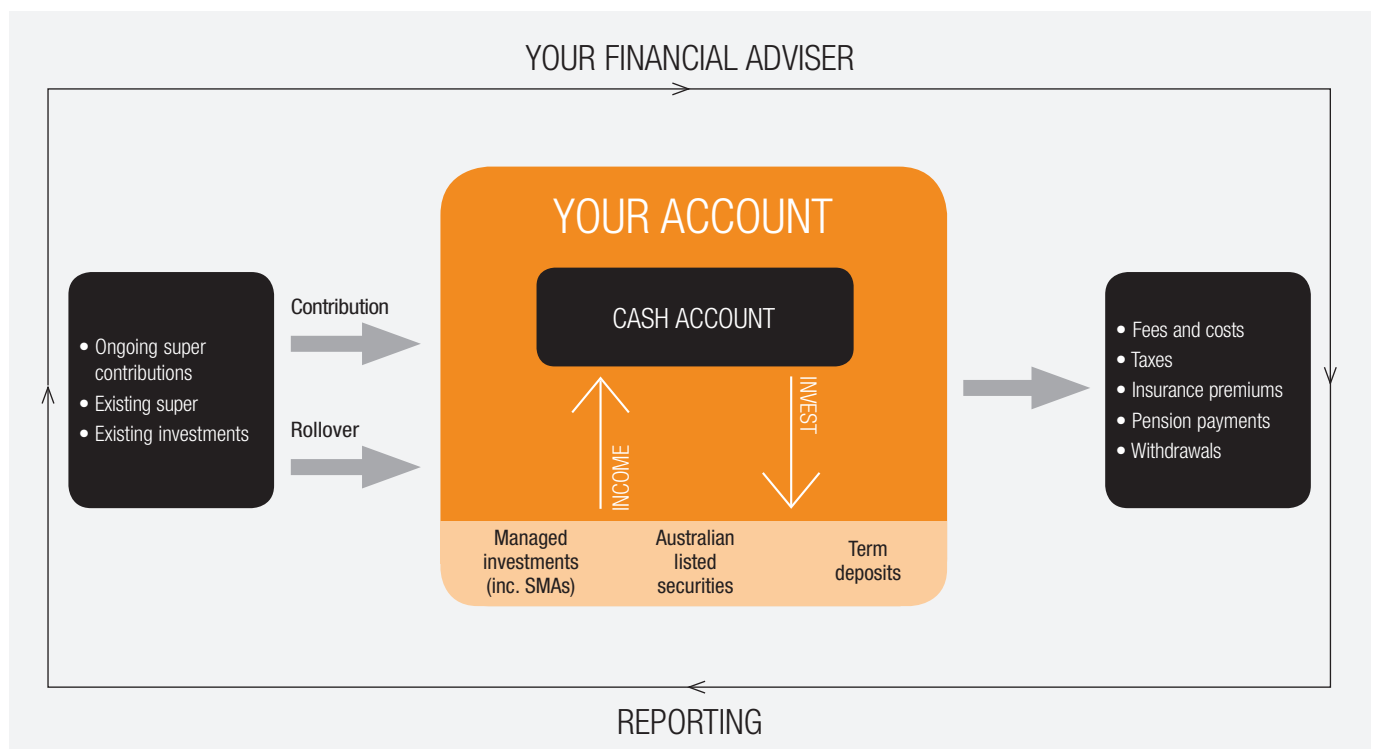

With your authority, your adviser can buy and sell investments within your account online. Prior to investing, your adviser will provide you with the disclosure documents for these investments. You should carefully consider these disclosure documents (including the risks section) before investing.

About the Cash Account

The Cash Account, a managed investment scheme with \$1 units, is a central cash flow account for all of the regular transactions into and out of your account. MIML is the responsible entity of the Cash Account. The assets of that managed investment scheme are currently invested on deposit with Macquarie Bank Limited (MBL) ABN 46 008 583 542, AFSL 237502. This may change depending on factors such as competitiveness of returns, terms of the deposit, risks, default of MBL or solvency of MBL. The Cash Account is governed by a constitution which sets out the rights, duties and obligations of the responsible entity (MIML), and unitholders in the Cash Account. We can provide you with a copy of the constitution by visiting our head office or by calling us on 1800 300 163.

Deposit with Macquarie Bank Limited

The current investment policy of the Cash Account is to

invest substantially all its assets on deposit with MBL. Funds deposited will be used by Macquarie Bank in the conduct of its normal banking business.

Under the fund's constitution, this policy will apply unless MIML decides that:

- returns from the deposit are, or are projected to be, significantly below comparable cash returns over 12 months
- the terms and conditions of the deposit are no longer satisfactory, or
- the level of risk associated with the deposit increases significantly other than only as a result of general market factors.

The policy may also cease to apply if MBL is in default for more than seven days in its obligations to pay interest or meet withdrawals or certain insolvency related events occur in respect of MBL. If any of these events occur, we will notify you. The policy can also be changed by a special resolution of investors. The returns on the deposit will be affected by changes in interest rates, which respond to factors such as inflation, economic growth and actions by the Reserve Bank of Australia.

Taking the 'work' out of paperwork

We process all investment paperwork associated with your transactions, and we manage corporate actions such as share buy-backs on your behalf. This is all done according to the instructions you provide to your adviser which are then communicated to us. This significantly reduces the burden of ongoing administrative paperwork for your adviser, giving them more time to explore new investment options to make your money work even harder for you.

Online reporting

Both you and your adviser can go online at any time to view a consolidated picture of your portfolio through our secure web portal, so their advice to you is based on the latest, integrated view of your financial situation.

Understanding your investments

By investing your superannuation through Premium Portfolio Service Super and Pension Account, you have access to an extensive range of investments, including over 500 managed investments, SMA Model Portfolios, Australian listed securities, term deposits and other selected investments.

The Investment Menu, listing the Eligible Investments available through Premium Portfolio Service Super and Pension Account, is available through your financial adviser or free of charge from us at yourwrap.com.au/pps/supermenu

The Cash Account

The Cash Account is the central cash flow account for all the regular transactions into and out of your account. It is a registered managed investment scheme of which MIML is the responsible entity. Performance history can be obtained from macquarie.com.au/personal. Performance is not guaranteed or a particular rate of return promised. Past performance is not an indication of future performance.

For further information about the Cash Account, refer to the *Transacting* section in the FIB.

Your investment strategy

Choosing your investments from such an extensive range of options can prove daunting; however, this is made easier with the assistance of your adviser. The Fund makes available a wide range of investment options that you and your adviser can select with reference to a number of investment strategies.

The Trustee has formulated a range of investment strategies and categorised Eligible Investments appropriate to those strategies. Eligible Investments will fall into one of the investment strategy categories. Each investment strategy has a different objective, potential return, risks and suggested minimum timeframe.

In some instances, we have further categorised Eligible Investments with reference to an investment strategy sub-category based on our due diligence and the investment's risk and return profile.

Full details of the investment strategies available through Premium Portfolio Service Super and Pension Account, including the suggested minimum investment timeframes and risks, are available in the FIB through your financial adviser or free of charge from us at yourwrap.com.au/pps/superfib

What are the risks?

In an investment context, risk is the possibility of not meeting your financial objectives. The fundamental risk associated with superannuation may be the possibility that you are unable to receive the level of income that you require in retirement.

If the value of your investment is expected to change (up or down) significantly over time, this is considered a volatile or more risky investment. Investments that offer the highest returns generally also carry the highest level of risk.

All investments involve some element of risk. Given the risks of different asset classes over the long-term, investors could generally expect share and property investments to generate the highest average return with the most volatility. Fixed interest and cash investments could be expected to produce lower average returns, but with lower volatility. Periods of extended volatility in both financial markets and the Australian dollar, may result in some long-term asset class returns varying from what may generally be expected.

The level of risk associated with your account will depend in part on the investment strategy you and your adviser adopt. You need to consider the specific risks of the investments you choose, which are included in the PDS and other disclosure documents for each Eligible Investment you are considering, in addition to the risks described below.

How does diversification help reduce risk?

An important way to help manage the risks discussed above is to ensure that the investment strategy chosen by you and your adviser includes investments that are diversified across a range of characteristics. Diversification may be achieved in various ways, including investing in various asset classes, geographical regions and investment managers. In addition, you should consider how investing your superannuation through Premium Portfolio Service Super and Pension Account fits into your overall investment portfolio. Diversification of your investment portfolio can be used as part of your overall portfolio risk management to limit your exposure to loss or underperformance of any one investment, manager or asset class.

A lack of diversification (arising from investing a large proportion of your account in the same asset or type of investment) can increase the risk of losses and may lead to a reduction in the amount of your retirement savings. Further information on diversification is available in the *Investment selection* section of the FIB.

Investment risks

In considering the associated risks when investing your superannuation through Premium Portfolio Service Super and Pension Account, the risks you should be aware of can be grouped into two broad categories:

- **general investment risks:** which arise from participating as an investor in the market, and
- **specific investment risks:** which are risks that stem from the specific investment or product, such as changes to the relevant management, operations or business environment.

It is important to be aware that investment risks may be able to be managed or reduced, but they cannot be eliminated completely. Some specific risks that investors should consider when investing their superannuation through Premium Portfolio Service Super and Pension Account are outlined below.

There are other risks that may affect the performance of investments. No assurance or guarantee as to future profitability, return of capital or performance of the investments can be provided by the Trustee, Macquarie Bank Limited, any Macquarie Group company or any of the product issuers (except where stated). For more comprehensive details of the risks you may be exposed to, you need to consider both this PDS and other disclosure documents and the PDS of the Eligible Investments you are considering.

General investment risks

Risk	Description
Market	A change in the price of shares (or other Australian listed securities) in which you or your chosen managed investments have invested may result in loss of principal or large fluctuations in the unit prices. Factors that drive changes in share prices may include changing profitability of, and confidence in, companies, industries/sectors, economic cycles, volume of shares on issue, investor demand levels, business confidence and government and central bank policies. Exposure to this risk may be reduced by investing in a range of investments outside of the affected market(s). See <i>How does diversification help reduce risk?</i> on the previous page.
Volatility	Generally the higher the potential return for the investment, the higher the risk, and the greater the chance of substantial fluctuation in returns (including the possibility of losses) that may occur over time (especially over shorter periods of time). Equity markets may experience sharp declines and become more volatile, at times to very high levels. Investing in such volatile conditions implies a greater level of risk than an investment in more stable markets.
Inflation	Your investments may not keep pace with inflation. Broadly, this means prices may increase by more than the value of your investments. If this eventuates, you would not be able to buy as much with the value of your investments in the future as you could now.
Interest rate	Changes in interest rates may adversely affect the value of certain investments. An increase in interest rates leads to a reduction in the value of a fixed interest investment, and vice versa. This risk is usually greater for fixed interest investments that have longer maturities.
Default	Where money has been lent, this is the risk that the borrower (or product issuer) will not pay the interest and/or repay the principal of a security in which you or your underlying managed investments invest. This risk is generally greater for borrowers or issuers with lower credit ratings.
Country	The risk that political, economic or social developments may adversely affect the return on an investment in the relevant country. Examples include political instability, recession and war. Exposure to country risk may be higher in relation to investments in emerging markets or developing countries.
Issuer	The risk that the product issuer may not achieve its performance objective or does not produce returns that compare favourably against its peers.
Counterparty	The risk of loss to your investment due to the failure of a party involved in any transaction to meet their obligations. Counterparties can include brokers for exchange traded derivatives, structured investment counterparties, fixed income investment issuers and term deposit takers.
Legal and regulatory	Changes in laws or their interpretation, including taxation and corporate regulatory laws, practice and policy could have a negative impact on your investment.
Investment objective	Investment objective risk is the risk that your choice of investments will not meet your objectives. One measure of an investment's risk is how much the returns vary from period to period. The greater the variance in returns, the more likely returns will differ from those expected over a given time period.

Specific investment risks

Risk	Description
Liquidity	<p>Certain investments may be difficult to purchase or sell, preventing converting them to cash or rebalancing within a timely period and at a fair price. Choosing an investment that has low liquidity or is not priced on a daily basis may affect your investments' capacity to pay your pension or the timeframe within which we can process any future request from you to withdraw part or all of your account. It is important that you understand this consequence before you select this type of investment. Please refer to <i>Rolling over your benefit</i> within the <i>How do I withdraw?</i> section of the FIB for further information.</p> <p>While an investment may be liquid at the time of purchase, there is a risk that the investment may become illiquid at a point in the future. Refer to the underlying PDS and other disclosure documents for each investment option for further details on the investment's liquidity.</p> <p>For term deposits, liquidity risk is the risk of not being able to access your investment in a term deposit prior to the maturity date. There are restrictions on breaking a term deposit held in your account, and these are outlined in the <i>How do I withdraw?</i> section of the FIB.</p>
Concentration	<p>Concentration risk is the risk that poor performance of a single investment or group of investments significantly affects your account's return. Diversification across relevant investment features can reduce the impact of such extremes in performance. For example, a term deposit is not diversified across a range of cash and fixed interest investments. It is a concentrated investment in a single asset, being a deposit with a single issuer. Consequently, making such a concentrated investment gives greater exposure to the underperformance or failure of that single asset or issuer. Concentration risk can also arise from holding a range of investment products (even though these may have diverse features) where they are issued by the same particular legal entity or group.</p>
Fund (managed investment)	<p>This is the risk that a fund could terminate, the fees and expenses could change, or key investment manager staff could change. There is also the risk that investing in a fund may give less favourable results than investing directly in the assets in which a fund invests because of the income and capital gains accrued in the fund and the consequences of investment and withdrawal by other investors.</p>
Currency	<p>Currency risk is the risk that fluctuations in exchange rates between the Australian dollar and foreign currencies may cause the value of Eligible Investments or your UK pension or NZ KiwiSaver transfer amounts to decline significantly. Product issuers may choose to mitigate the impact of currency movement by 'hedging' all or part of the managed investment's exposure to foreign currencies; however, there is no guarantee this will occur.</p>
Derivative	<p>Product issuers may use derivatives, such as exchange traded futures contracts, to obtain or reduce market exposure. Derivatives are leveraged instruments whose value is derived from actual underlying assets and can be highly volatile. As derivatives can provide leveraged exposure, gains or losses can be greater than the gains or losses on unleveraged positions.</p>
Gearing	<p>Product issuers may borrow money to increase the total amount invested, which increases the volatility of investment returns. This is known as gearing.</p> <p>Gearing an investment option could increase long-term returns. However, if the asset value were to fall, gearing may result in substantial negative returns, as gearing magnifies both gains and losses. In the event of a significant fall in the asset value, the value of a geared investment could fall to less than the total value of borrowings. This emphasises that gearing is a strategy that increases the risks for investors. An increase in interest rates may also negatively impact returns on geared investments. There is also a risk that the product issuer may not be able to refinance its borrowings at commercially reasonable rates or at all and may be forced to sell assets. Gearing may not be suitable for all investors. We recommend you discuss the suitability of geared investments with your adviser.</p>

For details of other risks specific to SMAs, please refer to the current PDS for these schemes available from your adviser.

Non-investment risks

As with any service that uses technology, there is some risk that our administration system's hardware and software may fail, causing a delay in the processing and reporting on your account. We have sought to address this risk and the risks associated with other unforeseen circumstances in our business resilience plans and risk management framework. This includes processes to back up our computer systems and regular reviews of our systems and control procedures including an external, independent audit on an annual basis. Even so, we do not accept responsibility where such failures are outside of our control.

There is also risk associated with our reliance on information or systems provided by product issuers and other external service providers. We address this risk by having service agreements in place with third parties. If they notify us of any errors, they are corrected promptly, and if the changes are material, they are communicated to you and/or your adviser.

Operational Risk Financial Requirement

The Trustee has formulated a strategy for establishing, implementing, managing and maintaining an Operational Risk Financial Requirement (ORFR) in accordance with applicable superannuation laws. The ORFR is funded by the Trustee through shareholder capital and does not form part of the administration fee or any other fee described within this PDS.

Limits on investments

As part of the Trustee's obligation to members and having taken into account a range of factors including risk, diversification and liquidity, some restrictions have been placed on certain types of Eligible Investments at the point of purchase. These restrictions are designed to reduce the potential for large losses by encouraging diversification and to ensure adequate liquidity to meet payments and satisfy regulatory requirements.

The investment limits are designed with reference to all investment options available within the Fund itself and do not consider your personal financial circumstances. You acknowledge that it is the sole responsibility of you and your adviser to ensure your superannuation account's investment mix remains consistent with your chosen investment strategies and risk tolerance.

Please note: Limits do not eliminate the risk of large losses. Further details about these limits and when they are applied are outlined in the FIB.

Standard Risk Measure

The Standard Risk Measure (SRM) has been developed by the Association of Superannuation Funds of Australia (ASFA) and the Financial Services Council (FSC) at the request of the Australian Prudential Regulation Authority (APRA).

The purpose of the SRM is to disclose the level of risk using a standard measure. It allows members to compare investments both within and between funds based on the likely number of negative annual returns over any twenty year period.

Risk band	Risk label	Estimated number of negative returns over any 20 year period
1	Very Low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to Medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to High	3 to less than 4
6	High	4 to less than 6
7	Very High	6 or greater

As shown above, a risk band of 1 would suggest that the investment is the least risky investment, and a risk band of 7 suggests a very risky investment.

The Fund's approach to SRMs

In accordance with the methodology provided in the Standard Risk Measure Guidance Paper for Trustees issued by ASFA and the FSC, SRMs are assigned to managed investments, exchange traded funds, listed investment companies and listed Investment trusts and term deposits.

The SRMs are set by the Trustee based on SRMs provided by the product issuers, the SRM ranges it assigns to each investment strategy, the SRMs assigned to similar investments and its own analysis. For Australian listed securities and where an SRM assessment is not readily available, the Trustee may issue a default rating of 7 – Very High.

The Trustee reviews SRMs annually or more frequently if there is a material change to the underlying risk and return characteristics of an investment or an investment strategy.

Refer to the Investment Menu for the SRM of individual investments, available from your adviser or online at yourwrap.com.au/pps/supermenu

Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2 per cent of your account balance, rather than 1 per cent, could reduce your final return by up to 20 per cent over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. Your employer may be able to negotiate to pay lower administration fees. Ask the Fund or your adviser.¹

To find out more

If you would like to find out more, or see the impact of these fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

This document shows the fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the Fund as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you.

Taxes, insurance fees and other costs relating to insurance are set out in another part of this document.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

¹ As the Fund is not a standard employer-sponsored superannuation fund, the administration fee is not negotiable with the Trustee or your adviser. However, the fees and costs payable to your adviser or adviser's firm can be negotiated with your adviser in the same way as you would usually contact your adviser. Your adviser's contact details are on the Financial Services Guide that your adviser provided to you.

² Except where noted, fees will be debited from your Cash Account, generally in the first week of the month after the fees were accrued or upon closure of your account.

³ These fees are estimates only, based on information provided by the product issuers as at 1 February 2014. They are subject to change at any time at the discretion of the product issuers.

⁴ The Macquarie Master Balanced Fund is offered by Macquarie Investment Management Limited ABN 66 002 867 003 AFSL 237492. In deciding whether to acquire or continue to hold an investment, you should consider the Macquarie Master Balanced Fund PDS, available on ClientView or from your adviser.

³ Other fees and costs such as activity fees, advice fees for personal advice or insurance fees may apply. See the *Additional explanation of fees and costs* section for further information.

Additional explanation of fees and costs

The fees shown in the *Fees and other costs* section and this *Additional explanation of fees and costs* section are inclusive of the net effect of Goods and Services Tax (GST) unless expressly stated otherwise. We may be able to claim a reduced input tax credit (RITC) of up to 75 per cent of the GST paid on some of these fees. This may include fees for certain brokerage services, investment portfolio management, administrative functions and custodial services. We may also be able to claim an RITC of 55 per cent of the GST paid on some of the other fees charged. Where we are able to claim an RITC, we will pass the benefit of this on to you.

General information about fees and costs

The total fees and charges you pay will include the costs of this product as well as the cost of any investment you choose. It is important that you understand the fees of any investment you choose, and that those fees are in addition to the fees charged by us for the product, together with transaction and account costs incurred on your behalf. The costs of the investments you choose will generally be set out in the PDS and other disclosure documents for the Eligible Investments.

Except where noted, fees will be debited from your Cash Account, generally in the first week of the month after the fees were accrued or upon closure of your account. If you have insufficient available cash in your Cash Account, we reserve the right to sell down your holdings to top up your Cash Account to the required minimum and deduct outstanding fees. For further information, please refer to the *Transacting* section of the FIB.

Fees relating to the Cash Account

Management fees and expense recoveries

The management fee is 0.55 per cent pa of the net asset value of the Cash Account, inclusive of the net impact of GST. It is also below the maximum of 5 per cent that MIML may charge under the constitution. In addition, we have the right to recover from the Cash Account all expenses, and are entitled to be indemnified from the Cash Account for liabilities we properly incur in connection with the Cash Account. Expense recoveries include both usual types of expenses, such as custody and audit fees, and less usual types of expenses, such as costs associated with any litigation (eg fees to professional advisers engaged by MIML) and expenses in relation to unitholder meetings. The constitution does not place any limit on the amount of the expenses that we can recover from the Cash Account provided that the expenses are properly incurred. However, we currently choose to pay

usual expenses out of the management fee and do not seek a reimbursement from the Cash Account.

About adviser and dealer fees

All fees paid to your adviser and dealer are negotiable between you and your adviser or dealer and are set down on the application form or subsequent written communications to us. If no amounts are specified, these fees will be nil. By completing the application form or signing other communications to us from your adviser or dealer, you authorise us to pay the amounts described from your account to your adviser or dealer.

There are no maximum adviser fees or dealer fees, however, we are able to reject the amount of adviser or dealer fees if we believe they are unreasonable. Superannuation law restricts the circumstances in which payments may be made to your adviser from your superannuation or pension account to those that relate entirely to advice concerning your account. Any advice or financial services provided to you by your adviser in relation to matters not concerning your account must be paid for separately by you and cannot be deducted from your member account.

We understand that these fee arrangements may be intended to change or stop where (for example):

- you change your adviser
- your adviser's dealer changes
- you cease to have an adviser, or
- you 'opt out' of an ongoing fee arrangement with your adviser or adviser's dealer.

If that occurs, it is important that you inform us of the intended change. Otherwise, you may continue to incur any existing adviser and dealer fees that are deducted from your account.

The types of advice fee for personal advice that may be payable from your account are set out in the table below.

Type of fee	Amount	How and when paid ¹
Initial advice fee	You and your adviser may negotiate the amount of the initial advice fee (if any) that your adviser will be paid. ²	This is a one-off dollar-based fee payable to your adviser.
Contribution fee – the fee on each amount contributed to your account (including rollovers)	You and your adviser may negotiate the amount of the contribution fee (if any) that your adviser will be paid. ²	This is a percentage-based fee payable to your adviser, calculated on the amount net of contributions tax at the time of each and every contribution or rollover.
Switching fees payable to your adviser	You and your adviser may negotiate the amount of the adviser transaction fee (if any) that your adviser will be paid. ²	This fee is payable to your adviser and calculated at the time of each transaction based upon the number of transactions and/or the value of each transaction.
Brokerage costs payable to your nominated broker	If you and your adviser have agreed that your adviser will receive brokerage, it will be paid to your nominated broker when buying and selling Australian listed securities.	Brokerage is calculated by your nominated broker and payable at the time of each transaction. Brokerage will be added to the cost or deducted from the proceeds of each transaction.

¹ Except where noted, fees will be debited from your Cash Account, generally in the first week of the month after the fees were accrued or upon closure of your account.

² We may be able to claim a Reduced Input Tax Credit (RITC) of up to 75 per cent of the GST paid on some of these fees. Where we are able to claim an RITC, we will pass the benefit of this on to you.

Type of fee	Amount	How and when paid ¹
Other adviser fees payable to your adviser	Adviser fees ² are negotiated between you and your adviser and can be made up of the following: <ul style="list-style-type: none"> Adviser service fee, and Adviser adhoc service fee 	<p>Adviser service fee: a percentage and/or dollar-based ongoing monthly fee. If percentage-based, it will be calculated on the daily closing balance of your account.</p> <p>Adviser adhoc service fee: a once only, dollar-based fee. Calculated and charged as per the agreement with your adviser.</p>
Other adviser fees payable to your adviser's dealer	Dealer fees ² are negotiated between you and your adviser's dealer, firm or licensee and can be made up of the following: <ul style="list-style-type: none"> Dealer service fee, and Dealer adhoc service fee 	<p>Dealer service fee: a percentage and/ or dollar-based ongoing monthly fee. If percentage-based, it will be calculated on the daily closing balance of your account.</p> <p>Dealer adhoc service fee: a once only, dollar-based fee. Calculated and charged as per the agreement with your adviser's firm.</p>

¹ Except where noted, fees will be debited from your Cash Account, generally in the first week of the month after the fees were accrued or upon closure of your account.

² We may be able to claim a Reduced Input Tax Credit (RITC) of up to 75 per cent of the GST paid on some of these fees. Where we are able to claim an RITC, we will pass the benefit of this on to you.

Adviser service fee and dealer service fee

The adviser service fee and dealer service fee, listed in the table above, may be structured in one of four ways:

- tiered structure, specifying a percentage to apply at different account values, or
- flat percentage structure, specifying a percentage to apply to the total value of your account, or
- flat dollar structure, specifying a flat (fixed) dollar amount, or
- flat dollar structure together with either a tiered structure or a flat percentage structure.

Adviser or dealer adhoc service fee

This fee may only be structured as a fixed dollar amount.

Adviser transaction fee

You can agree to a specific transaction fee with your adviser. This is in addition to the transaction fees which we charge, as set out in the *Fees and other costs table*. Non-automated transaction fees can be structured as either a fixed dollar amount per buy transaction or as a percentage of the value of buy transactions made by your adviser. Automated transactions that relate to dollar cost averaging and automatic rebalancing can only be structured as a percentage of the transaction.

Incidental fees

You may incur incidental fees resulting from certain requests or transactions on your account. These are as follows:

Incidental fees	Payable to the Trustee
<p>Failed trade fee</p> <p>If you have insufficient available cash in your Cash Account to pay for a purchase or if you instruct the Trustee to sell assets that are not held in your account.</p>	\$36.00 per day until settlement or cancellation (the relevant exchange may also charge a fee).
<p>Dishonour fee</p> <p>If a direct debit from your nominated Australian financial institution is returned unpaid or your cheque is dishonoured.</p>	Your Cash Account will bear any fees associated with the dishonour, when they are charged to us.
<p>Bank cheque</p> <p>If you request a withdrawal via bank cheque.</p>	\$7.50 per request.
<p>Telegraphic transfers</p> <p>If you request a withdrawal via telegraphic transfer (overseas or domestic).</p>	\$35.00 per request.
<p>Distribution redirection fee</p> <p>If you require distributions/dividends to be redirected to you following the closure of your account.</p>	\$50.00 per request.
<p>UK transfer amount conversion fee</p> <p>If you want to invest a UK transfer amount with us, and that amount is provided to us in pounds sterling.</p>	1% of the amount converted (ie for every \$1,000 you convert, the fee will be \$10) is payable to OzForex Pty Ltd ABN 65 092 375 703, appointed by the Fund to provide foreign exchange and related services.

Future of Financial Advice (FOFA) Reforms

Recent changes to the law, referred to as the FOFA Reforms, now prohibit certain commissions and other similar payments in the Australian financial services industry. In particular, payments that could influence financial product advice will be prohibited in some cases. However, certain payments are permitted under FOFA. This includes payments to or from financial services licensees under ongoing arrangements that were in place before the FOFA Reforms, commission payments that are fully rebated to clients, or payments made by a client to their adviser (or dealer) for advice or the sale of a financial product.

In any event, we will not make payments to your adviser or dealer where we are prohibited from doing so under the FOFA Reforms.

Additional information on fees

Depending on how you operate your account, you may be charged additional fees. The fees listed below are outlined in the FIB.

Insurance fees: will be deducted if you have applied and been accepted for insurance cover through your superannuation account.

Brokerage: your nominated broker may and the Authorised Broker will charge brokerage on the purchase and sale of Australian listed securities.

Buy/sell spreads: you may incur buy/sell spreads as a consequence of buying and selling the various managed investment options.

Performance fees: as part of the investment fee, performance fees may be payable to the product issuer for selected managed investments. Refer to the relevant PDS for each managed investment for details on the method for calculating performance fees and how and when they are charged.

We currently receive product access payments from product issuers whose managed investments are available on the Investment Menu. Details of these payments are available in the FIB.

Increases or alterations in the fees and costs

We reserve the right to increase the fees and costs outlined in this PDS, subject to maximums outlined in the Fund's Trust Deed, and to charge for other miscellaneous services. If any fees or costs increase, we will give you at least 30 days advance notice. Further information is available in the FIB.

Where industry-wide costs or levies (such as APRA's SuperStream levy) are imposed on the Fund by government or regulatory bodies we may, where permitted by the trust deed, pass on all or some of these costs to you.

Rebate of administration fees

We may receive commissions and other payments and rebates from various product issuers (where permitted by law). These payments come from each product issuer's own resources at no additional cost to you. We may use these payments and rebates to reduce the administration fees you pay us.

General advice

We rely on your adviser to provide you with personal financial product advice. Any general advice we provide is free of charge.

Tax

For information about tax see the *Understanding super* section of the FIB. The benefit of any tax deduction is passed on to you in the form of a reduced fee or cost.

Example of annual fees and costs for a balanced investment option

This table gives an example of how fees and costs in a typical balanced investment option for this product can affect your superannuation investment over a one year period. You should use this table to compare this product with other superannuation products.

Example – the Vanguard Growth Index Fund investment option	Fee	Balance of \$50,000
Investment fees	0.36%	For every \$50,000 you have in the investment option you will be charged \$180.00 per year.
PLUS Administration fees	0.64%	And, for every \$50,000 you have in the investment option you will be charged \$320.00 in administration fees each year.
PLUS Indirect costs for the investment option	Nil	And, no indirect costs will be deducted from your investment.
Equals Cost of the product		If your balance was \$50,000, then for that year you will be charged fees of \$500.00* for the product.

* Additional fees may apply. What it costs you will depend on the investment options your account is invested in, your account balance, and the fees you negotiate with your adviser or dealer.

Detailed examples of fees and costs¹

Example 1: \$250,000 account

The following example uses an account invested for 12 months consisting of:

- an average daily balance of \$5,000 in the Cash Account
- a managed investment with an average daily balance of \$95,000
- three Australian listed securities, each with an average daily balance of \$50,000
- four transactions during one full year (with listed securities purchased through the Authorised Broker²), and
- no additional adviser transaction fees.

Initial advice fee

If you open an account and agree with your adviser to an Initial advice fee of \$2,000, the total Initial advice fee will be as follows:

Initial advice fee	\$2,000 + 2.5% net GST	\$2,050
--------------------	------------------------	---------

Contribution fee (Super only)

If you contribute \$5,000 over one full year and you agree with your adviser to a contribution fee of 5 per cent per contribution, the total contribution fee will be as follows:

Contribution fee	$(\$5,000 \times 5\%) + 2.5\% \text{ net GST}$	\$256.25
------------------	--	----------

Management costs

If you have four investments in your account (refer below) for one full year, the total management costs will be as follows:

Administration fee (Trustee)	Total account	$\$200,000 \times 0.64\%$	\$1,280
		$\$50,000 \times 0.54\%$	\$270
Investment fee (product issuers)	Managed investment (eg Macquarie Master Balanced Fund)	$\$95,000 \times 0.92\%$	\$874
	Australian listed security	$\$50,000 \times 0.00\%$	\$0
	Australian listed security	$\$50,000 \times 0.00\%$	\$0
	Australian listed security	$\$50,000 \times 0.00\%$	\$0
	Cash Account	$\$5,000 \times 0.55\%$	\$27.50
Switching fee (Trustee)		$\$0 \times 4$	\$0
Total management costs		0.98%	\$2,451.50

Adviser service fee

If you agree with your adviser to an adviser service fee of 0.50 per cent per annum based on an average account balance of \$250,000 over one full year, the total adviser service fee will be as follows:

Adviser service fee	$(\$250,000 \times 0.50\%) + 2.5\% \text{ net GST}$	\$1,281.25
---------------------	---	------------

Dealer service fee

If you agree with your dealer to an annual dealer service fee of \$1,200 (excluding GST), the total annual dealer service fee will be:

Dealer service fee	$\$1,200 + 2.5\% \text{ net GST}$	\$1,230.00
--------------------	-----------------------------------	------------

¹ References to "net GST" in the fee examples mean the cost to you after the effect of any RITC has been applied to the GST. We may be able to claim a RITC of between 55 per cent and 75 per cent of the GST paid on some of these fees. Where we are able to claim a RITC, we will pass the benefit of this on to you.

² The example does not include brokerage costs that are payable on Australian listed securities transactions through the Authorised Broker which is calculated using the value of the trade. Refer to the FIB for further details.

Example 2: \$550,000 account

The following example uses an account invested for 12 months consisting of:

- an average daily balance of \$5,000 in the Cash Account
- a managed investment with an average daily balance of \$145,000
- four Australian listed securities, each with an average daily balance of \$100,000
- five transactions during one full year (with listed securities purchased through the Authorised Broker¹), and
- no additional adviser transaction fees.

Initial advice fee

If you agree with your adviser to an initial advice fee of \$2,000, the total initial advice fee you will pay upon opening your account will be as follows:

Initial advice fee	\$2,000 + 2.5% net GST	\$2,050
--------------------	------------------------	---------

Contribution fee (Super only)

If you contribute \$5,000 over one full year and you agree with your adviser to a contribution fee of 5 per cent per contribution, the total contribution fee will be as follows:

Contribution fee	(\$5,000 x 5%) + 2.5% net GST	\$256.25
------------------	-------------------------------	----------

Management costs

If you have five investments in your account (refer below) for one full year, the total management costs will be as follows:

Administration fee (Trustee)	Total account	\$200,000 x 0.64%	\$1,280
		\$300,000 x 0.54%	\$1,620
		\$50,000 x 0.33%	\$165

These examples are provided to assist you in understanding the fees and other costs that may be payable on your account. They are not representative of the actual fees that you will pay. The fees payable on your account may depend upon a number of factors including, but not limited to, your total account balance, the balance of each investment option, the investments that you select, the number of times you transact and the arrangements that you have with your adviser and dealer.

¹ The example does not include brokerage costs that are payable on Australian listed securities transactions through the Authorised Broker which is calculated using the value of the trade. Refer to the FIB for further details.

Before you start

Before you open your account, you should read both the information contained here in this PDS, as well as the information included in the FIB and the TIB, as well as the information included in the Investment Menu (which together forms the PDS). The FIB and the TIB will provide you with details covering the following areas:

FIB section	Details
Adding to your account	Includes how to make contributions and rollovers to your account.
Investment selection	Provides details on the investment strategies and investment limits.
Transacting	Explains how transactions are processed.
Reporting	Gives you details on the reporting you will receive, including our online service ClientView.

TIB section	Details
Contributing into superannuation	Provides general information on contribution types, eligibility rules and limits.
Preservation rules	Provides general information on the conditions you must meet before you can access your benefits.
Taxation	Provides general tax information regarding your superannuation including, the tax treatment of contributions, rollovers, earnings and benefit payments.
Superannuation and family law	Provides more information on how family law splits work in superannuation.

Cooling off period

If you decide that your initial investment does not suit your needs, provided you have not exercised any of your rights or powers in relation to your account, you can request in writing to have your account cancelled during the period of 14 days starting on the earlier of, when your transaction confirmation is received by you or five days after your initial investment is accepted.

You may withdraw any unrestricted non-preserved component of your investment or roll over to another superannuation fund. Please note that generally all new contributions will be preserved funds and cannot be returned to you. We may be required to roll over any benefits held in Premium Portfolio Service Super and Pension Account to another superannuation fund of your choice. The amount payable will be adjusted for any market movements, non-refundable taxes, duties paid or payable, and reasonable transaction or administration costs incurred by us in issuing your account (but excluding the payment of commission or similar benefits). Therefore, depending on the circumstances, the amount payable may be more or less than the amount invested.

Frequently asked questions

Question	Answer
How do I contribute money to my account?	For super accounts, contributions can be made by BPAY®, direct deposit, direct debit, cheque or by transferring in your existing investments. Pension accounts can accept initial funds by cheque, or transferring your existing investments.
Who should cheques be made payable to?	MIML PPS Super Account (full account name) or MIML PPS Pension Account (full account name).
When will I receive confirmation of my account being opened?	We will open your account once we have received all of the completed documentation. You will receive a welcome letter, a ClientView access code and a password a few days after funds have been credited to your account. If you are rolling your current superannuation account over, you will receive this information after your rollover has been received by us.
Can I view my account online?	Yes. ClientView provides you with consolidated online reports on your account. These reports provide a variety of account information, including the valuation, transactions, income and expenses.
How do I change my contact details?	You can change your contact details by completing a <i>Change of account details</i> form, available on ClientView or from your adviser.
How do I change the fees I authorise to be deducted from my account?	You can change the fees that you authorise to be deducted from your account by completing a <i>Change of account fees</i> form, available on ClientView or from your adviser.
What happens if I change my adviser?	<p>Your Premium Portfolio Service Super and Pension Account has been designed for investors who have advisers to assist them with personal advice in respect of their investments. You may change advisers at any time by giving us written notice of the change, provided the new adviser is already registered with us. If your adviser is not registered with us, we will seek to assist them in becoming registered.</p> <p>If you do not have an adviser, you will not be able to transact on your portfolio online. In this circumstance we will accept written instructions from you to place transactions on your account. If you choose to continue to operate your account without an adviser, you may be adversely affected, and the applicable fees and costs will be deducted from your account until such time as you close your account.</p>
If I have a complaint, what do I do?	<p>If you have a complaint:</p> <ul style="list-style-type: none"> • contact your adviser and discuss your enquiry or complaint with them • if you are not satisfied with the result, you may telephone us on 1800 300 163, or • it may then be necessary to write to us. We will ordinarily respond to your written enquiry or complaint as soon as possible but within 45 days of receipt. <p>If you are still not satisfied with our response, after 90 days, you may wish to refer the matter to the Superannuation Complaints Tribunal (SCT), an independent body set up by the Federal Government to review Trustee decisions relating to individual members, or to the Financial Ombudsman Service (FOS).</p> <p>You can contact the SCT on 1300 884 114 or info@sct.gov.au. You can contact FOS on 1300 78 08 08.</p>
Where can I see Macquarie's Privacy Statement?	Our Privacy Statement is available in the FIB.
How does the Australian Government's guarantee on bank deposits apply to my superannuation?	When you invest into the Cash Account or deposits (such as term deposits), your funds are pooled with other members and held in trust by the Fund. As a result, you do not directly become a unit holder in the Cash Account or an account holder in the deposit product and you will not be entitled to protection by the Federal Government's Financial Claims Scheme. However, you may have a pro-rata entitlement to the Cash Account's or Fund's aggregate cap amount of \$250,000 per deposit account per ADI. This entitlement ranks in proportion with all other unit holders' Cash Account holdings and all other members' term deposit holdings. Please contact us or your adviser if you would like further information on how the Federal Government's Financial Claims Scheme may indirectly apply to your interest in the Fund's Cash Account holdings and any term deposits.
Where can I locate the FIB, the TIB and Investment Menu?	The FIB, the TIB and the Investment Menu are available at yourwrap.com.au/pps/superfib , yourwrap.com.au/pps/supertech and yourwrap.com.au/pps/supermenu

Compassionate grounds	<p>A condition of release for preserved and restricted non-preserved superannuation benefits. In limited circumstances, you may apply to the Department of Human Services to have your benefits released as a lump sum to pay for certain expenses relating to:</p> <ul style="list-style-type: none"> • medical treatment for you or your dependants • preventing foreclosure of a mortgage or power of sale over your home • modifying your home or vehicle to accommodate special needs arising from a severe disability • palliative care expenses • expenses associated with your dependant's palliative care, death, burial or funeral. <p>Benefits paid under this condition of release are limited to an amount determined by the Department of Human Services.</p>
Concessional contributions	<p>Generally contributions that your employer makes, or that you make personally and claim as a tax deduction. These are generally included in the assessable income of the Fund and taxed at 15 per cent. There is an annual limit on the amount of concessional contributions you can make, known as the concessional contributions cap. From 1 July 2012 certain concessional contributions for higher income earners will be taxed at an additional 15 per cent. The additional 15 per cent does not apply to concessional contributions that exceed the concessional contributions cap.</p>
Concessional contributions cap	<p>For the 2013/14 income year, a higher concessional contribution cap of \$35,000 (unindexed) applies for anyone aged 59 and over on 30 June 2013. For everyone else, the concessional contribution cap is \$25,000.¹</p>
Condition of release	<p>A condition you must meet before you can access your preserved and restricted non-preserved benefits. The conditions of release are set down in superannuation legislation. Examples are retirement, reaching preservation age, reaching age 65 and permanent incapacity. Some conditions of release have restrictions on the amount of, or form in which, you can take your benefits while others (such as retirement) allow unrestricted access.</p>

Further Information Booklet, FIB	<p>The Further Information Booklet (FIB), incorporated by reference into the PDS (Document number PPSSP02) contains information on how to operate your account once it is opened and further information on the Fund's investment strategies and the limits on investments.</p>
HMRC	<p>Her Majesty's Revenues and Customs Office.</p>
Illiquid investments	<p>Broadly, an investment in relation to your interest in the Fund is an illiquid investment if:</p> <ul style="list-style-type: none"> • it is of a nature whereby it cannot be converted to cash in less than the time required to roll over or transfer a withdrawal benefit (typically 30 days) or • it can be converted to cash within the relevant time period, but converting it to cash within this period would be likely to have a significant adverse impact on the realisable value of the investment.

¹ For the 2014/15 and later income years, the higher concessional contributions cap of \$35,000 (unindexed) applies for anyone aged 49 and over on 30 June of the relevant previous income year. For example, someone aged 49 on 30 June 2014 will be eligible for the higher \$35,000 concessional contributions cap for the 2014/15 and later income years.

Indirect cost ratio	<p>The <i>indirect cost ratio (ICR)</i>, for an investment option offered by the Fund, is the ratio of the total of the indirect costs for the investment option, to the total average net assets of the Fund attributed to the investment option.</p> <p>Please note: A dollar-based fee deducted directly from a member's account is not included in the indirect cost ratio.</p>
Interdependency relationships	<p>Two people will typically have an interdependency relationship if:</p> <ul style="list-style-type: none"> • they have a close personal relationship and • they live together and • one or each of them provides the other with financial support and • one or each of them provides the other with domestic and personal care. <p>If two people have a close personal relationship but do not satisfy the other conditions referred to above because either or both of them suffer from a physical, intellectual or psychiatric disability, they may nevertheless have an interdependency relationship.</p>
Investment fees	<p>An <i>investment fee</i> is a fee that relates to the investment of the assets of the Fund and includes:</p> <p>(a) fees in payment for the exercise of care and expertise in the investment of those assets (including performance fees), and</p> <p>(b) costs incurred by the Trustee that:</p> <ol style="list-style-type: none"> (i) relate to the investment of assets of the entity, and (ii) are not otherwise charged as an administration fee, a buy/sell spread, a switching fee, an exit fee, an activity fee, an advice fee or an insurance fee.

Low rate cap amount	<p>The concessional tax threshold applying to the taxable component of lump sum superannuation benefits paid to individuals who have reached their preservation age but are under the age of 60. The low rate cap is a lifetime limit. The 2013/14 amount is \$180,000.</p>
Macquarie Bank, MBL	<p>Macquarie Bank Limited ABN 46 008 583 542 AFSL 237502.</p>
Macquarie Life	<p>Macquarie Life Limited ABN 56 003 963 773 AFSL 237497.</p>
Mandated employer contributions	<p>Compulsory contributions made by your employer, based either upon Superannuation Guarantee requirements or workplace awards or agreements.</p>
Nominated broker	<p>Any broker that you authorise to deal with the Fund in respect of the settlement of your Australian listed securities transactions.</p>
Non-concessional contributions	<p>Generally contributions made by an individual for which no tax deduction is claimed and therefore are not included in the assessable income of the Fund. There is an annual limit on the amount of non-concessional contributions you can make, known as the non-concessional contributions cap.</p>
Non-concessional contributions cap	<p>The annual limit on the amount of non-concessional contributions made for you. In the 2013/2014 financial year the cap is six times the standard concessional cap (ie six times \$25,000 for 2013/14). If you are under 65 at any time in a financial year, you may 'bring forward' up to two future years' contribution entitlements so as to contribute a maximum of three times the annual non-concessional contributions cap for a three year period.</p>
Permanent incapacity	<p>A condition of release for preserved and restricted non-preserved superannuation benefits. For you to qualify under this condition, the Trustee must be reasonably satisfied that because of your ill health (whether physical or mental), you are unlikely to engage in gainful employment for which you are reasonably qualified by education, training or experience. You must provide the Trustee with specific documentation confirming your permanent incapacity.</p> <p>If you qualify, your benefits may be accessed as a pension, a lump sum or a combination of both. Certain tax concessions may apply if the benefit meets the definition of a disability superannuation benefit.</p>
Proportioning rule	<p>The rule requiring the tax components to be paid in proportion to the components of your superannuation interest in the Fund. In the case of a lump sum or rollover, the components will be determined in proportion to the tax-free and taxable components of your superannuation interest in the Fund at the time of payment. You are generally unable to open more than one account so, for this purpose, your superannuation interest is your account.</p> <p>In the case of a pension, the payments from your account (including pension payments and lump sums) are paid in proportion to the tax-free and taxable components in the account at the time the pension commenced.</p>
QROPS	<p>Qualifying Recognised Overseas Pension Scheme.</p>

Release authorities	An authority issued by the Australian Tax Office (ATO) permitting a super fund to 'release' funds in order to pay excess contributions tax.
Separately Managed Account, SMA	A type of managed investment scheme that is not unitised and allows you and your adviser to access a portfolio of investments professionally managed according to a defined investment strategy.
Severe financial hardship	A condition of release for preserved and restricted non-preserved superannuation benefits under which you can access part of your benefits as a lump sum if you suffer severe financial hardship. To be eligible for release of benefits on the grounds of severe financial hardship, you must have been in receipt of Commonwealth income support for a minimum period and, depending on your age, must also be able to satisfy the Trustee of your fund that you are unable to meet reasonable and immediate family living expenses. You must provide the Trustee with specific documentation confirming that you meet these requirements.
SMA Model Portfolios	A selection of model investment portfolios provided by a range of professional investment managers covering a range of investment styles within the SMA structure.
Spouse	For the purposes of super and taxation law, the spouse of a person includes: <ul style="list-style-type: none"> • another person who is legally married to the person • another person (whether of the same sex or a different sex) with whom the person is in a prescribed kind of relationship that is registered under a State or Territory law prescribed for the purposes of the <i>Acts Interpretation Act 1901</i>, and • another person who, although not legally married to the person, lives with the person on a genuine domestic basis in a relationship as a couple.
Structured credit investments	Allow investors access to a portfolio of loans that have been issued by a bank or other financial intermediary. By investing into these loans, the investor assumes both the risk (eg default on repayment by the borrower) and return (interest paid by the borrower).
Superannuation lump sum	Payments from superannuation entities other than income stream benefits.
Switching fees	A <i>switching fee</i> is a fee to recover the costs of switching all or part of a member's interest in the Fund from one class of beneficial interest in the Fund to another.
Taxable component	The amount equal to the balance of your superannuation interest or pension account that is not the tax-free component.
Tax-free component	The tax-free component of your superannuation interest is, broadly, the total of a 'contributions segment' and a 'crystallised segment'. The 'contributions segment' is broadly equal to the tax-free contributions (or rolled over amount) received after 30 June 2007 in relation to that interest. The 'crystallised segment' is based on the withdrawal value of your interest as at 30 June 2007, less the amount of the post-June 83 component if it had been paid as a lump sum on that date. The tax-free component of payments from a pension account is determined as a fixed proportion at the time the pension commenced.
Technical Information Booklet, TIB	The Technical Information Booklet (TIB), incorporated by reference into the PDS (Document number PPSST01), contains general technical information to help you understand your superannuation.
Temporary incapacity	A condition of release for preserved superannuation benefits. To qualify under this condition, you must suffer from ill health (whether physical or mental) that caused you to cease to be gainfully employed but does not constitute permanent incapacity. Only insurance benefits can be accessed under this condition of release. Benefits can only be paid as a particular form of income stream.
Temporary resident permanently departing Australia	A temporary resident of Australia (excluding New Zealand citizens) who leaves permanently can apply to the Trustee, or if the benefit has been transferred to the ATO, the ATO to have their benefits released as a lump sum. For ATO applications, a temporary resident may apply online via the ATO website, or they can lodge a paper-based application (with supporting documentation where required). There are special tax rates applying to Departing Australia Superannuation Payments.
Terminal medical condition	A condition of release for preserved and restricted non-preserved superannuation benefits. Under this condition of release, if you are suffering from a terminal illness, you may be able to access your benefits as a tax-free lump sum. For you to qualify, two registered medical practitioners must have certified that you suffer from an illness or have incurred an injury that is likely to result in your death within a period (the certification period) of 12 months from certification. One of these medical practitioners must be a specialist practicing in an area related to your condition. In addition, for each medical certificate, the certification period must not have ended. You must provide the Trustee with specific documentation confirming your medical condition.
